

# — THINKING HATS

**Goal:**

- Systematic examination of problems and questions from different perspectives

**Procedure:**

- Assign each team member a hat (red, white, blue, yellow, black, green)
- Discuss the previously defined topic and adopt the perspective of your thinking hat
- Write down all the key insights from your discussion.
- Im Afterwards, make sure to reflect and discuss the results

**White Hat**

facts- and data-driven perspective, neutral, objective and unemotional

**Red Hat**

emotional point of view (e.g. anger)

**Black Hat**

negative and risk-averse, identifies and addresses problems and weaknesses

**Yellow Hat**

positive and optimistic, identifies the strengths

**Green Hat**

new ideas and creativity

**Blue Hat**

cool and focused, control and organization of processes
